

Class Title	Description	Audience
BLS for Healthcare Providers	The BLS for Healthcare Providers Course covers core material such as adult and pediatric CPR (including two-rescuer scenarios and use of the bag mask), foreign-body airway obstruction, and automated external defibrillation.	For healthcare providers such as EMS personnel, physician assistants, doctors, dentists, nurses, and respiratory therapists who must have a credential (card) documenting successful completion of a CPR course.
Heartsaver AED	The Heartsaver AED Course teaches CPR, AED use, relief of choking in adults and children, and infant CPR and relief of choking, and use of barrier devices for all ages.	For those who have a duty to respond to a cardiac emergency because of job responsibilities or regulatory requirements.
Heartsaver First Aid, CPR & AED	The Heartsaver First Aid Course teaches how to manage illness and injuries in the first few minutes until professional help arrives. Course content includes General Principles, Medical Emergencies, and Injury Emergencies. Additional topics include CPR and AED, and Environmental Emergencies.	For those who have a duty to respond to a first aid or cardiac emergency because of job responsibilities or regulatory requirements.
Heartsaver Pediatric First Aid, CPR & AED	The Heartsaver Pediatric First Aid Course teaches how to manage illness and injuries in a child in the first few minutes until professional help arrives. Topics include First Aid Basics, Medical Emergencies, Injury Emergencies, Environmental Emergencies, Additional First Aid Topics, and CPR and AED.	For those involved in child care who have a duty to respond to a first aid emergency because of job responsibilities or regulatory requirements, such as child care workers, teachers, foster care workers, camp counselors, youth organizations, and coaches for children's sports organizations.
